

Activation Instructions

Thank you for realizing the potential of Mazu Global and joining us before our official Pre-Launch!

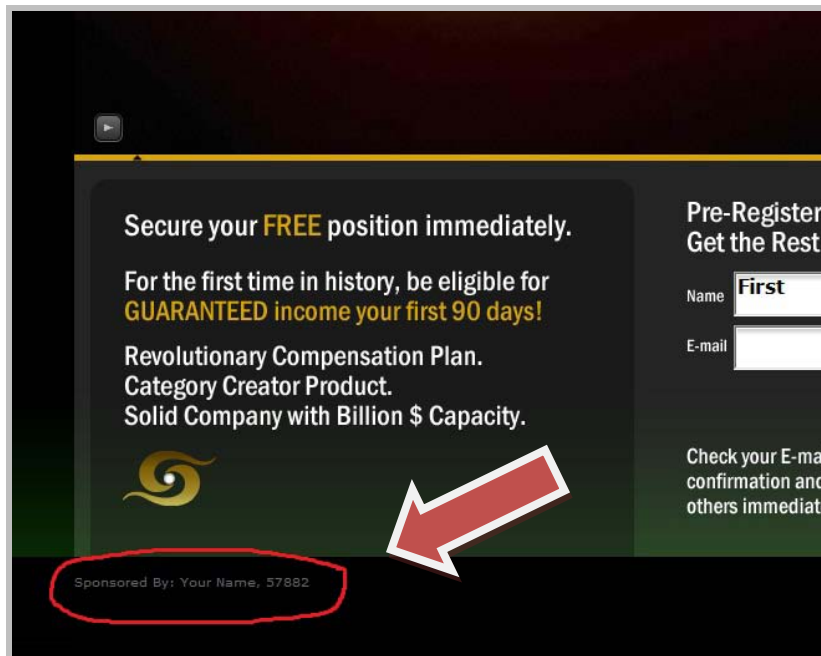

Pre-Launch is now upon us, and your first step in your Mazu Global business is to Activate the position that you have secured by creating your account password, agreeing to the Mazu Global Policies & Procedures, and placing your first Mazu Gold order!

Here are the step by step instructions for you and your team to Activate with Mazu Global:

1) Go to <http://MazuActivate.com>

2) Enter your VibrantLaunch ID number and the email address you used to create your account.

*If you do not know your ID number, go to your Vibrant Launch website at <http://vibrantlaunch.com/SiteName> and look in the bottom left hand corner of the page:

Or, check your email for your confirmation email from VibrantLaunch.com containing your ID number and the email you used to setup your account.

If you are still unable to locate your account, please contact your sponsor and ask them to lookup your account info in their back office, as they will be able to provide you with your ID number and email address.

If you still need assistance, please contact our account lookup team at:

Support@mazuglobal.com

760-692-9191

- 3) Enter your contact phone number
- 4) Next create your password, and confirm your password
- 5) Click on Next Step.
- 6) Select your Mazu Gold Product Package
- 7) Agree to the Policies and Procedures and Autoship setup
- 8) Complete your order with your Billing and Shipping info

That's it! Your Mazu Global position has now been activated. You can now help your team do the same for their positions, and login to your back office to view your team and manage your business.

*If you are Activating multiple spots for your team using the same computer, please close your browser after each Activation and reopen a new browser window. This will prevent data errors while Activating your team members one after another. If you still have trouble, please clear your cookies and then reopen the browser again.

We recommend the first step you take in your back office is to **enter your SSN or Tax ID #**, and confirm or update the Username for your MazuGlobal.com replicated website. The steps to complete these items are located in the Getting Started section of your Welcome page.

Welcome to the Mazu Global Team!

After you have Activated your account, please assist your other team members do the same.
